

OFFICE SURGERY INSURANCE COVER

Introducing Insight Insurance's New Office Surgery Insurance Facility for Doctors, Dentists, Consultants, Physiotherapists, etc.

Our facility is underwritten by a leading Global Insurer who have extensive knowledge of the Medical Industry.

Policy Benefits Include:

- Our Surgery Insurance Policy incorporates the following cover provisions mainly, Material Damage All Risks, Burglary, Combined Liability, Business Interruption, Money and Glass.
- Where a Partner in the Practice owns the building in their names, our Policy avoids the need to arrange separate building cover. Both the Surgery and property owner's risk can be included under a single Policy, guaranteeing Premium Savings for you.
- All surgeries are indemnified by the use of Patrons of all common areas within the Practice.
- Autoclaves at the surgery must be covered for statutory inspection cover as it is a
 pressure vessel. As a Policy feature, our facility covers the explosion peril within our
 working. We can then organise an inspection Policy for as little as €250 thereby achieving
 up to €350 saving to you for this necessary cover.
- Stock of drugs at the practice automatically covered up to €10,000 (Most other Policies only provide €2,500 cover).
- All risks cover for Medical Bags taken off site covered up to a limit of €5,000 per bag.
- We can quote all cases where there are claims payments up to €15,000 in the past three years.
- Exclusive Cyber Liability cover available to Surgeries without the need to encrypt all information prior to sending, (this is a usual condition of a cyber Liability Policy.)
- Payment plan facility available at 0% finance.
- Experienced Senior Underwriters available to you at all times.
- Premiums commence from €350 per annum.

Who are Insight Insurance?

Founded in 2002, Insight Insurance Limited is a highly focused niche Insurance Broker actively operating in the corporate and commercial Insurance sectors.

We are a truly independent Broking House, selectively placed to provide a unique Insurance solution to specific Industries.

Insight Insurance Limited are regulated by the Central Bank of Ireland and our Company only deals with Licensed Insurers in Ireland as well as major international Insurers for both our domestic and overseas clients.
