

General Practitioner - Kinlough, Co. Leitrim, Ireland.

We are looking for a General Practitioner to set up a permanent practice in premises that are in situ in Kinlough. The village is vibrant with a population that is expanding exponentially and the current healthcare service infrastructure supporting the village is wholly insufficient to sustain and care for the growing population.

This is a great opportunity for an ambitious General Practitioner to make a meaningful impact on patients lives while enjoying the rich culture and natural beauty of the region.
