| MBRRACE-UK Perinatal Mortality Report | 1023 |
| Occasional Pieces | |
| Rockefeller Foundation Fellowships and Medical Education, 1925–1936 | 1024 |
| Original Papers | |
| <p>The incidence and management of ADP and PDPH post epidural insertion</p> <p>Kuman and Bhayla describe 11 cases of PDPH- 8 after epidural catheter insertion and 3 after spinal anaesthesia. Six patients needed an epidural blood patch.</p> | 1025 |
| <p>Cardiac Investigations in Paediatric Patients with Chest Pain Following COVID-19 mRNA Vaccination</p> <p>Memon et al. report on 30 teenagers with chest pain following Covid vaccination. The authors found that the ECG and troponin test were helpful in determining whether a specialist referral was required.</p> | 1026 |
| <p>Challenging convention in Laparoscopic Pyeloplasty: A prospective analysis on the successful application of knotless continuous barbed suture</p> <p>O’Gorman et al. report a series of 29 laparoscopic pyeloplasty cases where barbed sutures were used, which eliminated the need for knot tying.</p> | 1027 |
| <p>Development and Implementation of a Colorectal Cancer Screening Programme for Patients with Cystic Fibrosis</p> <p>McNally et al. point out that patients with cystic fibrosis are at a higher risk of bowel cancer. In a series of 14 colonoscopies there were 28.6% adenomas and 1 advanced polyp identified.</p> | 1028 |

| | |
|---|------|
| <p>Strong Opioid Use after Total Knee Arthroplasty</p> <p>McGarry et al. report that there has been a 280% increase in strong opioid prescriptions for knee replacement patients at the time of discharge. The authors state that opioid prescribing practices should be monitored.</p> | 1029 |
| Short Reports | |
| <p>Group B Streptococcal Management in Penicillin-allergic Pregnant Women</p> <p>Houlihan et al. point out that GBS screening should take place at 36+0 and 37+6 weeks gestation. In a cohort of 162 penicillin allergy mothers, 137 had a GBS screen undertaken, with 26 being GBS positive- of whom 16 had susceptibility testing performed.</p> | 1030 |
| Case Reports | |
| <p>Spontaneous Intracranial Hypotension: Underdiagnosed and Undertreated</p> <p>Lim et al. report a young woman with neurological symptoms due to a CSF leak which was confirmed by a digital subtraction myelogram.</p> | 1031 |
| <p>Eosinophilic Fasciitis Following Infection With COVID-19</p> <p>Waters et al. report a young man with extensive eosinophilic fasciitis, confirmed by MRI and histology, secondary to Covid-19.</p> | 1032 |
| <p>Temporarily Externalisation of intra-thecal morphine pump to prevent opioid withdrawal</p> <p>Shaikh et al. describe the externalisation of an intrathecal opioid pump in a patient with a wound dehiscence.</p> | 1033 |
| <p><i>Ixodes</i> Tick Bite on a Beach: An Atypical habitat for the tick</p> <p>Khan et al. report a case of Lyme disease in a young woman who was bitten by a tick on a beach in Spain. Blood serology was positive.</p> | 1034 |
